The Cathedral's Sunday School curriculum is tailored to meet children's spiritual needs across various ages. For the younger children, the curriculum tends to focus on the child's individual needs and deals with Christianity in general terms. The curriculum flexes to the children's interests and desires making the learning process enjoyable and fun. For the older children, the curriculum becomes more systematic, but drives the students to voice their own thoughts and opinions. Throughout the year workshops will be provided for additional opportunities with subject matter that are primarily centered on the religious traditions in the Greek Orthodox Church, but will frequently apply religious learning to real-world situations and events. The goal for our older children is to help them apply the fundamentals of Christianity in their life journey and everyday interactions. To enroll in the workshop classes, children must be enrolled and an active member of the Holy Trinity's Greek Orthodox Sunday School Program.
